Fast Track Program

Tiffin University's Fast Track Accelerated Degree Completion Program is specifically designed to help individuals complete their degree without missing a day of work. Adult students with at least two years or more of prior college credit can complete a [Bachelor of Business Administration](#) degree in Organizational Management or a [Bachelor of Criminal Justice](#) degree in Justice Administration in less than two years by going to class one evening a week or completely online.

Program Features

- Courses run consecutively, allowing students to focus on one subject at a time. Class sizes are small, usually with 15-20 students.
- Dedicated faculty who appreciate the experience adult students bring to the classroom.
- Students progress through the program as a group, starting and ending together.
- Students are enrolled as "full-time" which allows for maximum financial aid awards.
- The program emphasis is on writing and presentation skills versus a test-based curriculum.
- Tiffin University is accredited by The Commission on Institutions of Higher Education of the North Central Association of Colleges and Schools. Tiffin University's School of Business is accredited by The Association of Collegiate Business Schools and Programs.
