

COMING SOON...

Learning and growth at work (and in life!) is a journey and life-long process. Columbus State is committed to your professional and personal development and will soon offer LinkedIn Learning to college employees!

Why use LinkedIn Learning?

LinkedIn Learning lets you learn at your own pace. You can select courses relevant to your current role in areas like Business, Technology and Marketing. You can also pursue other passions! With courses on financial literacy, social media, even drawing and music theory, you'll be able to grow and develop in the areas you care about both at and outside of work.
